safe, supported, and protected, while preparing them for their future through our nation’s foremost program of character development and values-based leadership training.

- The strength of Scouting for over the last 100+ years has been its local domain. Each scouting unit is owned by its local charter partner which is typically a place of worship, service club or educational institution. Each local council is incorporated in the specific state where it operates.
- ***The Ventura County Council, BSA is a 501(c)(3) entity incorporated in California. Camp 3 Falls, Camp Willett, the Council Service Center, our bank funds, and our investments are owned and controlled by the Ventura County Council with governance and leadership directed by our local council Executive Board and Staff.***
- The nature of the relationship between our council and the National Council, BSA, is that our local council holds a charter from the Boy Scouts of America to conduct its business practices and programs in our defined territory (Ventura County).
- The Ventura County Council receives no funding from the National Council, BSA; in fact, as part of our charter agreement, we pay fees to National Council, BSA for specific services. We receive value back from the National Council, BSA, but we operate as a financially independent not-for-profit organization.
- Areas where we partner with National Council, BSA, for business purposes, include several insurance programs, services for IT and expertise related to camping, Youth Protection, to name a few. Importantly, employee benefits, such as healthcare and retirement, are funded by each council, but through programs offered by National Council, BSA.

Charitable support of the Ventura County Council stays local. All assets of the
